The conference will cover a wide range of topics, including:

- Image processing and analysis
- Pattern recognition

- Computer vision
- Machine learning
- Artificial intelligence

IbPRIA 2024 will feature invited talks by leading researchers in the field, as well as contributed papers and poster presentations. The conference will also include a number of workshops and tutorials on cutting-edge topics.

The conference is organized by the Portuguese Association for Pattern Recognition and Image Analysis (APRIA) and the University of Aveiro. The conference will be held at the University of Aveiro campus, which is located in the heart of the city of Aveiro. Aveiro is a beautiful city with a rich history and culture. It is also home to a number of research institutions and technology companies.

IbPRIA 2024 is an important event for the pattern recognition and image analysis community. The conference provides a forum for researchers and practitioners to share their latest findings and to learn about the latest advances in the field. The conference also provides an opportunity for networking and collaboration.

### **Important Dates**

- Paper submission deadline: January 15, 2024
