

# 170 Eccentric, Visionary, and Patriotic Proposals to Rewrite the Constitution

**A must-read for anyone interested in the future of American democracy**

The Constitution of the United States is a remarkable document. It has served as the foundation of our democracy for over two centuries, and it has been amended only 27 times. But as the country has changed, so too has the need for constitutional reform. In *170 Eccentric, Visionary, and Patriotic Proposals to Rewrite the Constitution*, a group of leading scholars and activists offer a thought-provoking and entertaining look at how the Constitution could be rewritten to address the challenges of the 21st century.

The proposals in this book are as diverse as the American people themselves. Some are radical, some are conservative, and some are simply whimsical. But all of them are thought-provoking, and they offer a valuable glimpse into the future of American democracy.

Here are just a few of the proposals:

- Abolish the Electoral College and elect the president by popular vote.
- Create a new constitutional amendment to guarantee the right to vote.
- Establish a national health care system.
- Legalize marijuana and other drugs.
- Abolish the death penalty.
- Repeal the Second Amendment.
- Amend the Constitution to allow for same-sex marriage.
- Create a new constitutional amendment to protect the environment.
- Abolish the Supreme Court.
- Rewrite the entire Constitution from scratch.

Of course, not all of these proposals are likely to be adopted. But they all deserve to be considered, and they offer a valuable starting point for a national conversation about the future of American democracy.

*170 Eccentric, Visionary, and Patriotic Proposals to Rewrite the Constitution* is a must-read for anyone interested in the future of American democracy.
