

The Nation-State and Economy: An Indispensable Guide to Understanding Modern Geopolitics

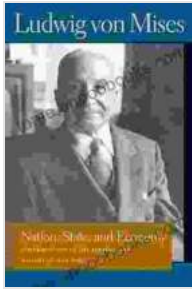

In today's rapidly globalizing world, it is more important than ever to understand the intricate relationship between the nation-state and the economy. This relationship is at the heart of many of the most pressing issues facing our world today, from rising inequality to climate change.

Nation State and Economy provides a comprehensive and accessible overview of this complex topic. Written by a team of leading experts, the book covers a wide range of topics, including:

- The historical development of the nation-state
- The relationship between the nation-state and the economy
- The role of the state in economic development
- The challenges of globalization
- The future of the nation-state

Nation State and Economy is an essential read for anyone who wants to understand the world around them. It is a valuable resource for students, scholars, policymakers, and anyone else interested in the intersection of politics and economics.
